COMMUNITY CHAUTAUQUA

There has been some misunderstanding in regard to the contract as talked on the street, between the Community Chautauquas and the citizens of Norway who made it possible to bring this first-class series of entertainments to Norway, and we publish it in full as follows:

Accepted Nov. 10, 1915, Community Chautauquas, Inc., by Loring J. Whiteside, Gen. Mgr., Equitable Building, New York.

Thus it will be seen that all the adult tickets sold will go to help pay the Norway citizens' guarantee. Further, the tickets are $2.00 when bought of them and $2.25 when bought otherwise. The season tickets are good for anyone presenting them at the entrance, so a whole family can go at different times on one ticket. The price of entertainment tickets bought separately vary, totalling $4.50. Thus it would be better if persons did not wish to attend all of the entertainments, to club together on a season ticket for $2.00, that can be bought of either of the Norway men as signed, and so help out the Norway signers and themselves by getting the tickets at a less price.

The entertainments will be in the big tent on the Fair Grounds between Norway and South Paris, commencing this Thursday, July 13, and continuing five days, two entertainments a day, afternoons and evenings, commencing at 2:30 and 7:30 o'clock.

N. H. S. Alumni Events

The Norway High school and Norway Liberal Institute Alumni Association held its annual meeting for the appointment of committees at Mrs. Geneva Cook's on Pleasant street, Tuesday evening. A special effort is being made to make this year the largest and most enthusiastic one, since the asssociation was organized. To this end each graduate of the school living in Norway is expected to do all he or she can do to get back any and all alumni and especially the members of his or her own class, since the association has suggested and will ask each class to organize so as to be able to hold a class reunion as well as the alumni reunion. The reunion comes this year on Wednesday, August 16, and some of the classes are already organized and have laid plans to hold their class reunion on the follwing Friday.

Another feature of the reunion planned for this year will be a play given entirely by alumni of the school on the evening of the 15th. It was suggested at the meeting that the association follow the practice of some of the colleges by offering a prize that should be given yearly to the class who had the largest present representation at the reunion and that the numerals of such classes should be yearly placed upon a banner to be kept on the walls at the high school building. Let us get together alumni and make this year one long to be remembered. We have some able officers who are working hard to make the occasion a success and the following committes who were elected at the meeting need the co-operation:

Invitation Committee:—Francis H. Swett, Florence Rideout, Mrs. Effie Akers, Berenice Nash.
Ball Committee:—Walter Hutchins, Mrs. George P. Locke, Mrs. Grace Cushman.
Banquet Committee:—Mrs. Geneva Cook, James Favor, Mrs. Homer Luck.
Entertainment Committee:—Hattie Cragin, Ralph Harriman, Marguerite Welch.

J. WALDO NASH.

A Call for Funds for the Members of Company D Now at the Front

As will be seen by letters from Corp. McGrew in last week's issue of the Advertiser, and Capt. Stiles this week, there are many articles very much needed by the members of Co. D now at the front and it will need much money to meet these demands. Arrangements are being perfected for the ladies to make ditty bags and rifle cases, material for which will have to be purchased.

The writer knows the needs of the men by experience in 1898, and how thankfully such articles are received.

This company has a long and honorable record, having been in every war since 1812, and the County can well be proud of it.

People in Oxford County are earnestly requested to forward funds to the Norway National Bank and to the Paris Trust Co. to be expended by a committee appointed from the two towns for that purpose.

The donations so far received are as follows:

Carroll, Jellison Shoe Co., Norway	$25.00

CHAUTAUQUA NOTES

The Community Chautauqua which is in progress from July 13 to and including July 17, under a large water-proof tent on the fair grounds and those who attend will find the best series of 10 entertainments ever given in this section of the country. Many have paid a higher price than the season ticket to hear one number. It is a known fact that after the Chautauqua is over many will wish they had attended, as is the story told wherever there has been a Chautauqua course held. Now is your chance, don't be one to regret. Get your ticket and see for yourself.

Many of the business men of Norway and South Paris stand back of the project as is shown in another article. Help them to make the first Chautauqua a big success.

The business places of the villages are profusely decorated with flags and bunting and the stores are in holiday attire and look unusually attractive.

Wednesday forenoon an auto parade of twelve machines, decorated with Chautauqua flags and bunting and filled with children blowing horns and whistles. They visited Norway, South Paris and Paris Hill and commanded attention of all who came within hearing and seeing distances.

TRUTH TRIUMPHS

Norway Citizens Testify for the Public Benefit.

A truthful statement of a Norway citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Norway citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit?

E. C. Libby, deputy sheriff, Sanborn St., Norway, says: "I had backache and it annoyed me to do anything. Not only this, but my head ached very often. I noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them I have had no return of the complaint."

"Our Doctor Always Said" What the family doctor says is always worth hearing and heeding. He knows that many ills are caused by carelessness or neglect. He constantly warns his patients to keep their habits regular, if they want to keep well. But people are careless and soon forget, until a sick headache, a bilious attack, or an upset stomach reminds them that they need something to act on the bowels. "L. F." Atwood's Medicine is a safe and prompt remedy for constipation, and is a great help to the stomach and liver. So good, that this old remedy is the family standby in thousands of New England homes, which have discovered its value and tested its efficacy.

LOOK FOR THE LONG BLUE CHIMNEY

THERE is an economy wave over the land. American people are beginning to realize that they are living too fast, beyond their means. It has been the rule that the man with $20,000 a year as well as the man with $2,000 a year lives up to every penny of his income. Slowly but surely this order of things is changing. The era of extravagance and waste in business and personal expenses is nearing an end. Efficiency and economy is the order of the day. Bank deposits are growing.

It is up to every one to economize. The best and surest way to do so is to place your surplus in the bank. If you already have a bank account make it a point from today on to increase it. Add to it weekly, daily if possible.

IF YOU HAVEN'T A BANK ACCOUNT DECIDE TO OPEN ONE TODAY.

We pay 2 per cent. interest on check account of $500 and over, on even hundreds. Interest credited to your account last of every month.

STEPHEN B. CUMMINGS ET ALS vs. HEIRS OF JOHN M. CUMMINGS, HEIRS OF HANNAH C. CUMMINGS, HEIRS OF WILLIAM C. CUMMINGS, HEIRS OF LUTHER F. PIKE.

Stephen B. Cummings, Edwin S. Cummings and Inez S. Cummings, all of Norway, in the County of Oxford and State of Maine, and Inez S. Cummings, aforesaid, as Guardian of Charles F. Cummings and Julia E. Cummings, minor children of George I. Cummings, late of said Norway, deceased, complain against the heirs of John M. Cummings, late of said Norway, the heirs of Hannah C. Cummings, late of said Norway, the heirs of William C. Cummings, late of said Norway, and heirs of Luther F. Pike, late of said Norway, and say:

FIRST: On the 29th day of May, A. D. 1866, John M. Cummings, then of Cape Elizabeth, in the County of Cumberland and State of Maine, now deceased, as Trustee of the estate of Fannie Cummings, then of Norway, in the County of Oxford and State aforesaid, now deceased, conveyed by Quit Claim deed to Charles B. Cummings, late of said Norway, deceased, a certain parcel of land, situated in said Norway, bounded and therein described as follows, viz: "Beginning at the Southeast corner of Deborah Whitney's house lot, on the line of Main Street, so called, in Norway Village; thence Easterly on the line of said Main Street twenty-eight (28) feet; thence Northerly, parallel with the Westerly line of said parcel of land, to said Deborah Whitney's land ninety-nine (99) feet; thence Westerly by said Whitney's land twenty-eight (28) feet; thence Southerly ninety-nine (99) feet to the first mentioned bound; containing twenty-eight hundred (2800) feet, more or less. Also a right of way on the Easterly side of said land herein conveyed, being the same way now used and which is mentioned in a deed from Deborah Whitney to me (John M. Cummings), dated November 27th, A. D. 1865, and recorded with the Registry of Deeds for said County of Oxford, Book 141, Page 177, to which reference may be had." the above named deed from said John M. Cummings, Trustee, to said Charles B. Cummings, being recorded in Oxford Registry of Deeds, Book 149, Page 12, whereby the said Charles B. Cummings acquired title therein in fee simple.

SECOND: On November 25th, A. D. 1867, said Charles B. Cummings mortgaged the same premises, above described, to the said John M. Cummings, for the sum of One Thousand Dollars, ($1000.), which mortgage is duly recorded with Oxford Registry of Deeds, Book 147, Page 236, and which, although fully paid, by the said Charles B. Cummings, has never been cancelled or discharged on said records.

THIRD: On March 14th, A. D. 1868, the said Charles B. Cummings mortgaged to Hannah C. Cummings, then of said Norway, now deceased, the same premises, above described, for the sum of Five Hundred Dollars, ($500.), which mortgage is duly recorded with same Registry of Deeds, Book 147, Page 377, and which, although fully paid by said Charles B. Cummings, has never been cancelled or discharged on said records.

FOURTH: On May 30th, A. D. 1873, the said Charles B. Cummings mortgaged to William C. Cummings, then of said Norway, now deceased, the same premises, above described, for the sum of One Thousand Dollars, ($1000.), which mortgage is duly recorded with same Registry of Deeds, Book 162, Page 126, and which, although fully paid, has never been cancelled or discharged on said records.

FIFTH: On April 23rd, A. D. 1873, the said John M. Cummings, as Trustee of the estate of Fannie Cummings, conveyed by Quit Claim deed to Stephen H. Cummings, then of said Norway, now deceased, a certain lot or parcel of land, with the buildings thereon, situated in Norway Village, in said Town of Norway, bounded and in said deed described as follows, viz: "Commencing at a cedar post standing at the corner of Main and Whitman Streets; thence Northwesterly on the line of said Main Street sixty-seven (67) feet to a stake and stones; thence North twenty-three and one-half (23½) degrees East ninety-nine (99) feet to a stake and stones; thence in a direct line seventy-six and one-half (76½) feet to a stake and stones standing on the Northwesterly line of said Whitman Street and ninety-nine (99) feet from first mentioned bound; thence Southwesterly on line of said Whitman Street ninety-nine (99) feet to first mentioned bound"

SIXTH: On October 7th, A. D. 1873, said Stephen H. Cummings mortgaged to said William C. Cummings the premises described in Clause 5, for the sum of Five Hundred Dollars, ($500.), which mortgage is recorded with same Registry of Deeds, Book 162, Page 270, and on May 15th, A. D. 1874, said mortgage was transferred and assigned by said William C. Cummings to Luther F. Pike, then of said Norway, now deceased, which mortgage has never been cancelled or discharged on said records; which assignment is recorded in same Registry, Book 169, Page 158.

SEVENTH: On March 15th, A. D. 1875, said Stephen H. Cummings conveyed by Warranty Deed to said Charles B. Cummings the premises described in said Clause 5, subject to the above mentioned mortgage held by said Luther F. Pike, which Warranty Deed is duly recorded with same Registry, Book 172, Page 68, whereby the said Charles B. Cummings acquired title therein, in fee simple.

EIGHTH: Said Charles B. Cummings, subsequent to taking title to said last named parcel of real estate, and prior to his death, paid said mortgage in full; yet the same has never been cancelled or discharged on said records.

NINTH: On January 26th, A. D. 1899, the said Charles B. Cummings died testate, and by his last Will and Testament, duly proved and allowed in the Probate Court within and for said County of Oxford, as a part of the residue and remainder of his estate, devised both parcels of land herein described to Stephen B. Cummings, George I. Cummings and Edwin S. Cummings, his sons, share and share alike.

TENTH: On March 4th, A. D. 1914, the said George I. Cummings died intestate, leaving a widow, Inez S. Cummings, aforesaid, and two minor children, viz: Charles F. Cummings and Julia E. Cummings, the said Inez S. Cummings having been duly appointed by said Probate Court as their guardian.

ELEVENTH: The said Stephen B. Cummings, Edwin S. Cummings, Inez S. Cummings and Inez S. Cummings, Guardian, therefore complain and say that the above described mortgages, recorded in the Registry of Deeds within and for the County of Oxford, as aforesaid, although they have been paid in full, never having been discharged on said records, constitute a cloud upon their title to said real estate; that although they have bargained to sell said real estate to the Norway Realty Company, a corporation organized by law and existing at said Norway, they have been and are now unable to complete said transaction, by reason of said cloud upon the title to their said real estate, the said Norway Realty Company refusing to pay over the sum agreed upon as the purchase price thereon, or to accept your Complainants' Warranty Deed until said cloud shall have been removed.

TWELFTH: That the heirs of the said John M. Cummings and of the said Hannah C. Cummings and their whereabouts are unknown to your Complainants; that the heirs of the said William C. Cummings and their whereabouts are unknown, except one Fannie Schwartz, whose residence is now in said Norway; that the heirs of the said Luther F. Pike, so far as known to your Complainants are Frank T. Pike and A. L. F. Pike, both of said Norway.

WHEREFORE, said Complainants pray:

FIRST: That the Court order such notice of the pendency of these proceedings as the nature thereof may require.

SECOND: That the Court order the mortgages hereinbefore enumerated, discharged on the records in the office of the Registry of Deeds, within and for said County of Oxford.

THIRD: That said Complainants may have such other and farther relief as the nature of the case may require.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

There has never been a time when a newspaper was more needed in the household. The great war in Europe has now entered its second year, with no promise of an end for a long time. These are world-shaking events, in which the United States, willing or unwilling, has been compelled to take a part. No intelligent person can ignore such issues.

The Presidential contest also will soon be at hand. Already candidates for the nomination are in the field, and the campaign, owing to the extraordinary character of the times, will be of supreme interest. No other newspaper will inform you with the promptness and cheapness of the Thrice-a-Week edition of the New York World.

THE THRICE-A-WEEK WORLD'S regular subscription price is only $1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Norway (Oxford Co.), Me., Advertiser together for one year for $2.20. If not already a subscriber, become one now. 27-28

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

ONE HUNDRED IN THE TENT

Captain J. Waldo Nash received a letter from Laredo, Texas, from Captain Moses P. Stiles:

I am writing to you because I know you will be interested in knowing how the company is getting along and because you will see lots of the people at home who will be inquiring of you. We arrived here at 10:43 p. m., July 4th, and did not detrain till 5 a. m., the next morning.

Did not get tourist cars for the men till we got to Kansas City, but everyone stood the journey well. Great demonstrations along the route. We made camp the 5th. About 5,000 troops are camped here and more soon to arrive. Our camp is about a mile from the border and on a clay soil, level, but no rain has fallen here, I am told, for about 8 months, so, as you can imagine, there is hardly a green thing to be seen and the dust is about four inches deep.

I am writing this in my tent, where I should say it is hot enough to break any thermometer (100 degrees in my tent) in Maine and, strange to say, the worst thing for us is a breeze, for it makes a dust storm. They do not last more than 30 minutes and do not come often, however. The nights are hot the first part and get cool before morning, so some of the boys have colds.

The Red Cross furnish distilled water. When we do not get that we have to boil all water. The city here has about 16,000 people, 10,000 of whom are Mexicans, I am told. We do not know how long we will be here, but unless something big happens it looks as if we would be here long enough to train the men, but there is no certainty.

Tell the good ladies of Norway not to send the men food. They get good food and enough of it. If they wish to help they can send tobacco, etc. You know the things that make camp life easier and do not hurt the men. If they should make the men little kits, commonly called "housewives," and stock them with pins, needles, etc., I am sure the men would find them very handy.

If they want to make some cloth bags long enough to hold a rifle, one for each soldier, to put their rifles in after they have cleaned them, and so keep them away from this dust, it would be nice. Something like khaki would be good, I should say. I do not know what the Regulars use, or the size, but should think about 48 or 50 inches long and about 8 inches wide, when the bag is flat, would be about right. And each bag might have a man's name on it, worked in thread.

This is not begging, only suggestions in case the people get together as they did in 1898 and try to do something to help the boys.

The health of the regiment is excellent thus far, and I feel sure it will continue to be if they can be made to be careful of what they eat. If the editor would send a few copies of his paper each week to the 1st Sergeant it would be appreciated by the boys.

Maine motorists must have dimmers if they go into New Hampshire and Massachusetts as the laws of these states require them.

BROWNFIELD

Cotton Reunion

Highland Cottage, Dugway Road, was the scene of a rather novel social affair Sunday, there being no drawbacks to the pleasure. Business called some of the members of the family of Mr. and Mrs. G. S. Cotton from their homes Saturday, and it being known for some little time that the business trip would be necessary, it was suggested that there be a reunion of the family at the Dugway home, that seeming the most central point for all. Up to this time the family had never been together since the marriage of any of the children.

The interesting facts connected with the reunion was that all of the living grandmothers were present, and as far as possible, each grandmother accompanied her own nearest relatives. With the exceptions of Frank N. Mayberry and Mr. and Mrs. Willis Carll of Windham, all of the nearest relatives of all branches of the family were present under the one roof during the dinner hour. Each branch of the family contributed something in the way of decorations or refreshments, and all joined in making the occasion one long to be remembered in encouraging the spirit of good fellowship throughout the day.

Those present were: Mr. and Mrs. Granville S. Cotton, Mr. and Mrs. Charles G. Cotton, their two children Milo and Ruth, and Mrs. Nellie A. Snell, Mrs. Cotton's mother, all of Conway, N. H.; the only daughter, Mrs. F. Eugene Blake, her husband and three children, Alvin, Alice and Aaron, Mr. Blake's son Austin, Mr. Blake's mother, Mrs. Horace Blake, and son Arthur, all of Brownfield; Mr. and Mrs. Leslie C. Cotton and daughter Inez, and Mrs. Cotton's mother, Mrs. Frank N. Mayberry, all of Windham; Chesley L. Cotton of Brownfield; and Mrs. Meribah G. Bradeen, a friend of the family, makng a party of 21 at dinner. Although some of the guests were obliged to leave early, the two hours spent with all present were heartily enjoyed. In the afternoon fruit punch was served and a light lunch before the party broke up.

Leslie Cotton spent Sunday at the home of his parents, Mr. and Mrs. G. S. Cotton.

OUR BOYS IN TEXAS

Getting Acclimated—Program of the Day —Mexican Characteristics—Sand Storm

The following is from a private's letter, written by Harry Lasselle:

Laredo, Texas,
July 6, 1916.

Arrived at 3:30, July 4th. This is said to be the hottest place in Texas, and I guess they're right. The hot weather of Maine cannot be compared with this. From 10 o'clock till 4 in the afternoon we do not do a thing but lie on our cots and sweat. This is what we call "getting acclimated." It's so hot that we can't do anything else but lie around and stand it. It's impossible to give you a description or rather an explanation of the heat in this part of the country. When rivulets of sweat will run down your face, down your chest and arms, while you're sitting in your tent doing nothing; it's pretty near time to say: "Rather warm, isn't it, boys?"

I might give you our program of the day. Breakfast at 6. Drill from 7 till 8. Band rehearsal from 9 till 10. I've told you in the above paragraph what we do from 10 till 4. From 4 till 5 we have to go through "guard mount." Supper at 6. Concert from 7 till 8:15.

We're camped just outside the city. It's only a short walk. A regiment from Missouri is camped about 200 yards from us—south. Another is about the same distance southwest. The whole city is surrounded by Uncle Sam's troops. Laredo is on the Rio Grande river. Regular army troops are all along there and I understood that we'd be over there in less than a week.

The U. S. and Mexican artillery exchanged shots early in the morning, July 5th. Here in camp we could hear 'em very plainly. An officer told us yesterday that a couple of Mexicans tried to advance toward the International Bridge before daylight. Our Regular Army guards stationed there gave the command "Halt!" The Mexicans gave no reply and were shot dead in their tracks. And that's the way it goes. We may see a little action before we get out of here. The Regulars and Cavalry will look out for things, before we get a taste. They've been here two and one-half years.

It was reported yesterday that a hundred pieces of Mexican artillery have been set up opposite Laredo. Now don't worry over what I've written, for I can see no danger ahead of us yet. We've got to get used to the climate before they can put us into action, and another thing, war has not been declared yet between the two nations. The poor devils over there in Mexico are starving now and in time famine would conquer 'em. (Two months' time.)

The day we arrived was the "4th," and we were allowed to go down town. Since then we've been held here in camp. We went down town in a bunch (not alone) and 9 out of every 10 persons we met were Mexicans. Three-fourths of the population of Laredo are "Greasers." The white inhabitants of this city carry six-shooters on their hips all the time. You can't trust 'em.

Our hospital is full—heat prostrations, one case of appendicitis and one sunstroke. Others have keeled over from drinking ice-water and over-eating. So far the band has held out.

The trip through Texas was one that brought scenes to my eyes that I never expected to see—for example—a ranch with say 1,000 steers, with no meat on them whatsoever. Their poor bones almost stuck out through their skin. If I remember rightly the painting by Russell that Ralph sent us, entitled "The Last of the ——" is a good example of what I saw. Graves beside the track, unmarked—just a mound with a wooden cross over it, a perfectly flat country everywhere, nothing but sand, cactus, very few low shrubs—everywhere. This is the general make-up of this part of Texas.

Yesterday afternoon about 2 o'clock the heat was getting almost unbearable. A slight breeze came up, the clouds grew darker, the lightning flashed and the wind blew like a hurricane, but no rain. Talk about your sand-storms! We could see this sand-storm coming about two miles away. Immediately we lowered the sides of our tent and prepared for it. It lasted about three-quarters of an hour. We couldn't see hardly across the tent. I think that it has rained here about twice in the last six years. What else could be here but sand? We're camped in it, we drill in it, in fact, we live in it.

I might say that we're allowed to drink nothing but distilled water.

The people of Laredo are very kind to us. They've been up each day with sandwiches, etc., and cool drinks. Ice-water will hurt an over-heated person, but these cold soda waters do not have any ill effects.

Mrs. Mary Oxnard is visiting her brother and family in Harrison.

Mrs. Amy Millett returned from Worcester, Mass., Thursday, the 6th, where she had been to attend the funeral of her niece, Mrs. Rhoda Millett Davenport. Interment in the family lot at Hope cemetery, Worcester, Mass.

WEST SUMNER

Gathering of Old Friends

There was a gathering of relatives and friends July 4th at the pleasant and happy home of Walter M. Chandler, when four generations were represented.

Those present were Mr. and Mrs. Chandler, their three daughters, Iola, Annie and little Ruby; Mrs. M. J. Pulsifer, an aunt nearly 85 years old of this place; Mr. and Mrs. Everett Tuell, mother of Mr. Chandler from Milwauka, Wisconsin; Mrs. Nellie V. Ryerson, sister of Mrs. Tuell; Mr. and Mrs. I. O. Swift, another sister of Mrs. Tuell, their daughter, Bertha; Helen E. Pulsifer, granddaughter of Mrs. Pulsifer from Natick, Mass.; Harold Abbott, a classmate of Miss Swift from South Paris; Guy Bowker, an assistant on the well cultivated farm of Mr. Swift from South Paris.

Owing to the day being very rainy, it was a disappointment to the young people that the table, heavily loaded with a variety of good things, could not be spread on the lawn under the pretty shade trees as was previously arranged. A pole was erected in the forenoon and our country's flag raised. We cannot say to the breeze as there was none nevertheless it remained throughout the day.

Although confined in doors the party was highly entertained with piano selections by the young ladies, games by the gentlemen and a social time generally.

At the noon hour all were seated at the long table in the spacious dining room. Beside the many tempting kinds of food on one end of the table was a large dish of bananas, on the other a pyramid of oranges and last but by no means least, were served generous dishes of ice cream, which were duplicated just before leaving for their several homes.

It is but fair to say it was through the kindness of Mr. and Mrs. Tuell with their auto, that the aged aunt was present.

All parted feeling it had been a day happily spent and long to be remembered.

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va. — "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Sprague's Journal of Maine History starts Vol. 4 with a number as interesting as any the writer has seen. Over 60 pages of the most valuable kind of matter for those interested in Maine's history is well arranged, part of it finely illustrated and all of it well served for the convenience of its readers. The frontispiece is a full-page cut of the Tip Top Point on Katahdin. The opening article is "The Indians of Maine," with two Old Town illustrations. A cut of the old Hugh McLellan house at Gorham and one of the old Shirley tavern at Shirley Corner are also striking pictures with accompanying articles. Over twenty headed articles appear, among them "Hon. Elias Dudley and Some of His Political Correspondence," with notes by the editor; "Major John Moor," by A. W. Stewart of Augusta; "Hunnewell Data" by Jennie Ames Gren of Bangor; "Joseph Robinson Parrott" by Charles E. Waterman; The Relations Between Bowdoin and the Judiciary"; an article and an editorial on the proposed Mt. Katahdin National Park and Forest Reservation; a story of the Penobscot County Centennial; Maine's Celebration in 1920 and numerous others. It is a decidedly valuable number.

Moreover, while we have no specific law demanding their use, the courts have held that if an accident occurs and anyone is injured on account of the glare, the party injured can recover damages. Maine motorists must have dimmers if they go into New Hampshire and Massachusetts as the laws of these states require them.

BROWNFIELD

Cotton Reunion

Highland Cottage, Dugway Road, was the scene of a rather novel social affair Sunday, there being no drawbacks to the pleasure. Business called some of the members of the family of Mr. and Mrs. G. S. Cotton from their homes Saturday, and it being known for some little time that the business trip would be necessary, it was suggested that there be a reunion of the family at the Dugway home, that seeming the most central point for all. Up to this time the family had never been together since the marriage of any of the children.

The interesting facts connected with the reunion was that all of the living grandmothers were present, and as far as possible, each grandmother accompanied her own nearest relatives. With the exceptions of Frank N. Mayberry and Mr. and Mrs. Willis Carll of Windham, all of the nearest relatives of all branches of the family were present under the one roof during the dinner hour. Each branch of the family contributed something in the way of decorations or refreshments, and all joined in making the occasion one long to be remembered in encouraging the spirit of good fellowship throughout the day.

Those present were: Mr. and Mrs. Granville S. Cotton, Mr. and Mrs. Charles G. Cotton, their two children Milo and Ruth, and Mrs. Nellie A. Snell, Mrs. Cotton's mother, all of Conway, N. H.; the only daughter, Mrs. F. Eugene Blake, her husband and three children, Alvin, Alice and Aaron, Mr. Blake's son Austin, Mr. Blake's mother, Mrs. Horace Blake, and son Arthur, all of Brownfield; Mr. and Mrs. Leslie C. Cotton and daughter Inez, and Mrs. Cotton's mother, Mrs. Frank N. Mayberry, all of Windham; Chesley L. Cotton of Brownfield; and Mrs. Meribah G. Bradeen, a friend of the family, maknig a party of 21 at dinner. Although some of the guests were obliged to leave early, the two hours spent with all present were heartily enjoyed. In the afternoon fruit punch was served and a light lunch before the party broke up.

Leslie Cotton spent Sunday at the home of his parents, Mr. and Mrs. G. S. Cotton.

OUR BOYS IN TEXAS

Getting Acclimated—Program of the Day —Mexican Characteristics—Sand Storm

The following is from a private's letter, written by Harry Lasselle:

Laredo, Texas,
July 6, 1916.

Arrived at 3:30, July 4th. This is said to be the hottest place in Texas, and I guess they're right. The hot weather of Maine cannot be compared with this. From 10 o'clock till 4 in the afternoon we do not do a thing but lie on our cots and sweat. This is what we call "getting acclimated." It's so hot that we can't do anything else but lie around and stand it. It's impossible to give you a description or rather an explanation of the heat in this part of the country. When rivulets of sweat will run down your face, down your chest and arms, while you're sitting in your tent doing nothing, it's pretty near time to say: "Rather warm, isn't it, boys?"

I might give you our program of the day. Breakfast at 6. Drill from 7 till 8. Band rehearsal from 9 till 10. I've told you in the above paragraph what we do from 10 till 4. From 4 till 5 we have to go through "guard mount." Supper at 6. Concert from 7 till 8:15.

We're camped just outside the city. It's only a short walk. A regiment from Missouri is camped about 200 yards from us—south. Another is about the same distance southwest. The whole city is surrounded by Uncle Sam's troops. Laredo is on the Rio Grande river. Regular army troops are all along there and I understood that we'd be over there in less than a week.

The U. S. and Mexican artillery exchanged shots early in the morning, July 5th. Here in camp we could hear 'em very plainly. An officer told us yesterday that a couple of Mexicans tried to advance toward the International Bridge before daylight. Our Regular Army guards stationed there gave the command "Halt!" The Mexicans gave no reply and were shot dead in their tracks. And that's the way it goes. We may see a little action before we get out of here. The Regulars and Cavalry will look out for things, before we get a taste. They've been here two and one-half years.

It was reported yesterday that a hundred pieces of Mexican artillery have been set up opposite Laredo. Now don't worry over what I've written, for I can see no danger ahead of us yet. We've got to get used to the climate before they can put us into action, and another thing, war has not been declared yet between the two nations. The poor devils over there in Mexico are starving now and in time famine would conquer 'em. (Two months' time.)

The day we arrived was the "4th," and we were allowed to go down town. Since then we've been held here in camp. We went down town in a bunch (not alone) and 9 out of every 10 persons we met were Mexicans. Three-fourths of the population of Laredo are "Greasers." The white inhabitants of this city carry six-shooters on their hips all the time. You can't trust 'em.

Our hospital is full—heat prostrations, one case of appendicitis and one sunstroke. Others have keeled over from drinking ice-water and over-eating. So far the band has held out.

The trip through Texas was one that brought scenes to my eyes that I never expected to see—for example—a ranch with say 1,000 steers, with no meat on them whatsoever. Their poor bones almost stuck out through their skin. If I remember rightly the painting by Russell that Ralph sent us, entitled "The Last of the ——" is a good example of what I saw. Graves beside the track, unmarked —just a mound with a wooden cross over it, a perfectly flat country everywhere, nothing but sand, cactus, very few low shrubs—everywhere. This is the general make-up of this part of Texas.

Yesterday afternoon about 2 o'clock the heat was getting almost unbearable. A slight breeze came up, the clouds grew darker, the lightning flashed and the wind blew like a hurricane, but no rain. Talk about your sand-storms! We could see this sand-storm coming about two miles away. Immediately we lowered the sides of our tent and prepared for it. It lasted about three-quarters of an hour. We couldn't see hardly across the tent. I think that it has rained here about twice in the last six years. What else could be here but sand? We're camped in it, we drill in it, in fact, we live in it.

I might say that we're allowed to drink nothing but distilled water.

The people of Laredo are very kind to us. They've been up each day with sandwiches, etc., and cool drinks. Ice-water will hurt an over-heated person, but these cold soda waters do not have any ill effects.

Mrs. Mary Oxnard is visiting her brother and family in Harrison.

Mrs. Amy Millett returned from Worcester, Mass., Thursday, the 6th, where she had been to attend the funeral of her niece, Mrs. Rhoda Millett Davenport. Interment in the family lot at Hope cemetery, Worcester, Mass.

At the meeting of the Norway Branch Railroad Association held July 4th, the following officers for the year were elected: H. L. Horne, president; E. E. Andrews, clerk; C. N. Tubbs, treasurer; H. B. Foster, Harry P. Jones and H. L. Horne, directors.

WEST SUMNER

Gathering of Old Friends

There was a gathering of relatives and friends July 4th at the pleasant and happy home of Walter M. Chandler, when four generations were represented.

Those present were Mr. and Mrs. Chandler, their three daughters, Iola, Annie and little Ruby; Mrs. M. J. Pulsifer, an aunt nearly 85 years old of this place; Mr. and Mrs. Everett Tuell, mother of Mr. Chandler from Milwauka, Wisconsin; Mrs. Nellie V. Ryerson, sister of Mrs. Tuell; Mr. and Mrs. I. O. Pulsifer, granddaughter of Mrs. Pulsifer from Natick, Mass.; Harold Abbott, a classmate of Miss Swift from South Paris; Guy Bowker, an assistant on the well cultivated farm of Mr. Swift from South Paris.

Owing to the day being very rainy, it was a disappointment to the young people that the table, heavily loaded with a variety of good things, could not be spread on the lawn under the pretty shade trees as was previously arranged. A pole was erected in the forenoon and our country's flag raised. We cannot say to the breeze as there was none nevertheless it remained throughout the day.

Although confined in doors the party was highly entertained with piano selections by the young ladies, games by the gentlemen and a social time generally.

At the noon hour all were seated at the long table in the spacious dining room. Beside the many tempting kinds of food on one end of the table was a large dish of bananas, on the other a pyramid of oranges and last but by no means least, were served generous dishes of ice cream, which were duplicated just before leaving for their several homes.

It is but fair to say it was through the kindness of Mr. and Mrs. Tuell with their auto, that the aged aunt was present.

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Ladd-Curtis

A pleasant wedding party was given at the home of Mr. and Mrs. Chandler Curtis on Stearns Hill, Monday evening, July 3, when Pearl V. Ladd and William Herbert Curtis were married. At 8:30 p. m., the bridal march was played with violin and organ, by Mr. and Mrs. Chas. Martin, aunt and uncle of the groom.

The bride dressed in baby blue satin and mulle, carrying a bouquet of white pinks, accompanied by her youngest sister, Mae Ladd of New York, and the groom in suit of dark blue, accompanied by his youngest brother, Rupert Curtis, as best man, made up the bridal company with Rev. H. C. Young, who performed the single ring service.

About 60 friends and relaitves were present. Among them were Eva Cowen of New York, Margie Brown, niece of the bride from Portland, and Mr. and Mrs. Lovejoy of Welchville.

Refreshments of ice cream, cake and fancy crackers were served after which a short sociable time was enjoyed. At the close the young couple escaped the crowd and drove to South Woodstock with the groom's mother and brother. They remained in this vicinity until Saturday, when they all went to Waltham, Mass., where they intend to make their future.

The bride is the daughter of Alonzo and Ada Lunt Ladd and was born in Bethel and later moved to Portland. Her parents died when she was quite young. It was while she was in Portland that Chandler Curtis made inquiries through his friends there for a young girl to take into their home here for mutual help and Pearl Ladd was recommended and came here to make her home. When she was eighteen she left here and went to New York for a year or two, with her sister there, who was connected with the Salvation Army work. While here she was a member of the West Paris Grange and much respected by all who knew her.

The groom is the second son of John and Amanda Frost Curtis, late of South Woodstock and nephew of the before mentioned C. Curtis. He has always lived in the town of Paris and vicinity, is well known and has many friends and relatives here. He went to Massachusetts last March, where he obtained employment in the Metz Automobile factory in Waltham with his brother-in-law, E. L. Wood, who has been there a few months before.
